

SUPPORTING CHILDREN'S RIGHTS THIS CHRISTMAS

Posted on December 19, 2025

This Christmas, we have made a donation to Plan International Norway as part of our ongoing work with social responsibility.

Plan International is an independent humanitarian and development organisation working to advance children's rights, with a strong focus on equality for girls.

Operating in more than 80 countries, Plan focuses on education, protection from violence and

exploitation, humanitarian response in times of crisis, and long-term community development programmes.

Our social commitment

Through this contribution, we support work that strengthens children's rights and local communities. Over the years, we have supported organisations and initiatives that work with children and young people, both internationally and locally. This Christmas donation to Plan International Norway is part of that ongoing engagement.

We wish our customers, partners and colleagues a peaceful Christmas and a positive start to the new year.
